### BLOCK LIST OF CUSTOM BLOCKS

In this block, you have access to a table displaying the list of blocks that you have customized. Thanks to a "drag and drop", you can manage the display order of the blocks of the same hook. A button at the top right allows you to add more.

### BLOCK ADD A NEW CUSTOM BLOCK

- **"Label"** : enter the name of your block.
- **"Is active ?"** : display or not the block on the site.
- **"The target group"** : possibility of choosing a group for which the block will be displayed.
- **"Start date"** : possibility to choose a date from which the block will be displayed.
- **"End date"** : possibility to choose a date from which the block will no longer be displayed.
- **"Display position"** : choose a hook for the display position of the block on your site.
- **"Content of your block"** : insert the content you want.

### BLOCK LIST OF CUSTOM HOOKS

In this block, you have access to a table displaying the list of hooks you have created. You just have to copy / paste the hook tag provided in the table and place it where you want in the template for it to be created. You can then use it by creating a new custom block. A button at the top right allows you to add more.

### BLOCK ADD A NEW HOOK

- **"Label of your hook"** : enter the name of your hook.

## **# LIMITATION OF LIABILITY**

It is your responsibility to do all the necessary tests to ensure that the module operates as desired.
